Bilal Ahmed — Used with Midjourney · 3 days ago — Verified buyer

★★★★★

The rim light on hair is exactly what I was chasing for a month. Swapped the wardrobe variable for a shalwar kameez and it held up perfectly.

Sofia Marchetti — Used with Flux · 1 week ago — Verified buyer

★★★★★

Clean structure, and the negative prompt saves a lot of rerolls on hands. Commercial licence was worth it for a client lookbook.

Hira Shah — Used with Runway · 2 weeks ago — Verified buyer

★★★★☆

Video variant is good but needs a couple of tries to keep the face stable. Stills are excellent.
